

Monthly Summary

April - May Report

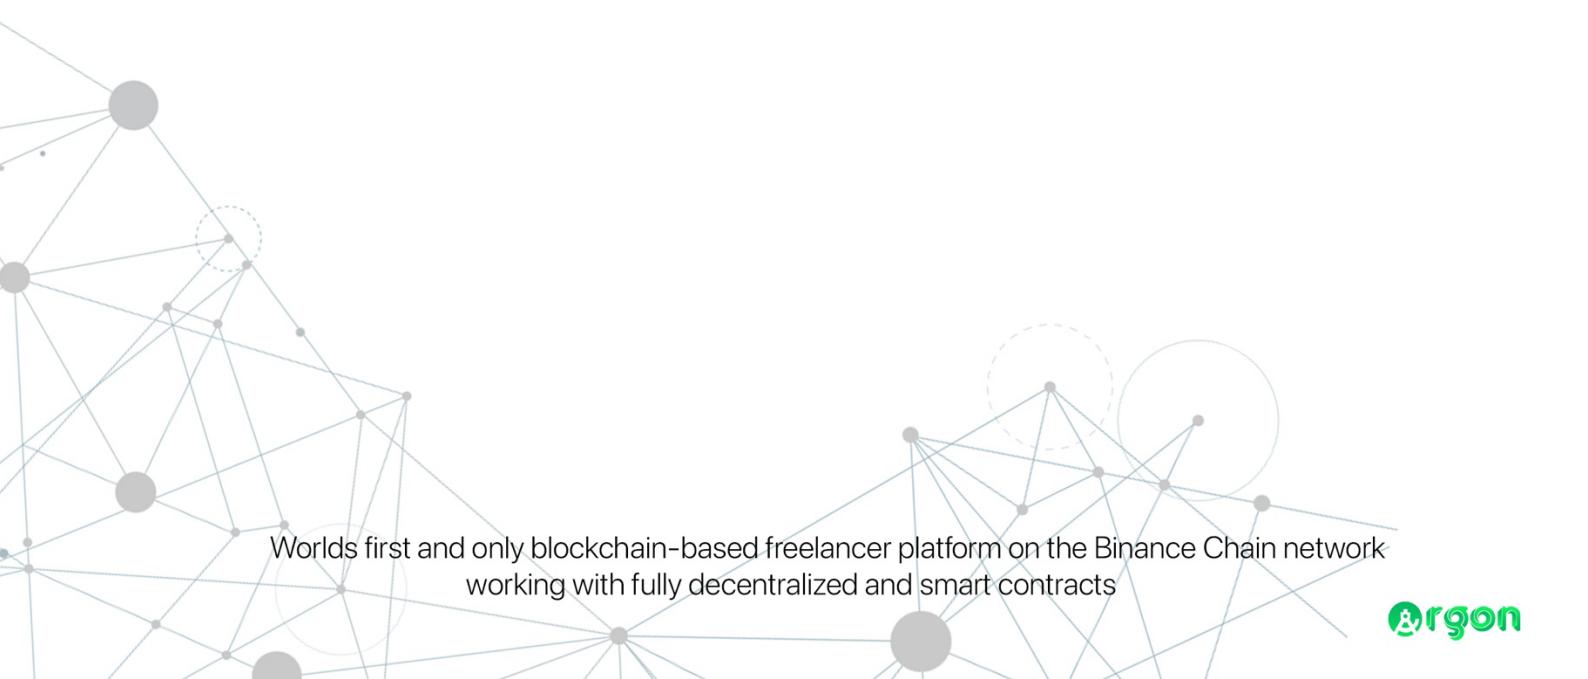

What we aim to do this month according to roadmap.

Argon's first steps

In chronological order;

- ✓ Staking and farming pool started on Tosdis.Finance
- ✓ Marketing efforts were increased
- ✓ The interface has begun to be changed for stronger Argon and better exchanges.
- ✓ 2 new people joined the team for the interface change.
- ✓ Infrastructure for Testnet was strengthened and bandwidth increased.
- ✓ Added total and circulating supply on BscScan and Coingecko.
- ✓ Argon listed on Gate.io exchange.
- ✓ Price data added to TrustWallet.
- ✓ Github repo has been updated and moved to the new address.
- ✓ Articles were prepared for Testnet.
- ✓ Testnet faucet activated.
- ✓ ArgonGuide was created for platform use.
- ✓ Agreement with some organizations and individuals for Testnet marketing.
- ✓ Working has begun on the stake pool on Gate.io.
- ✓ Chatting application activated in our local server and ready to launch.

World's first and only blockchain-based freelancer platform on the Binance Chain network working with fully decentralized and smart contracts

Staking and Farming on Tosdis

✓ 5-year staking and farming plan has been created. and depending on this plan, the first staking pool on tosdis finance has been activated.

The screenshot shows the Tosdis web interface with a dark theme. On the left, a sidebar includes links for STAKING, FARMING, CREATE POOL, TOSLAB (with a dropdown), BRIDGE, GUIDE, SELECT NETWORK (with Ethereum and Binance Chain icons), and CONNECT WALLET (with a lock icon). The main area is titled "STAKING" with the sub-instruction "Stake to earn new tokens. You can unstake at any time. Rewards are calculated per block." A search bar labeled "Search Pools" is present. Two staking pools are listed:

Pool	Token Earned	APY	Reward per minute	Start	Finish	Your Stake	Pool share	Participants	Distributed tokens
ARGON POOL	ARGON Earned	9.79%	3.3436 ARGON	09 Apr, 2021 19:00 PM	09 May, 2021 19:00 PM	0 ARGON	0%	1066	67.28% (97,183.73/144,444)
DIS POOL	DIS Earned	41.89%	0.0051 DIS	13 Apr, 2021 19:00 PM	17 May, 2021 19:00 PM	0 DIS	0%	147	47.6% (119/250)

World's first and only blockchain-based freelancer platform on the Binance Chain network working with fully decentralized and smart contracts

Changing interface

- ✓ We are getting support from a different company to renew our interface, and for this, 2 new project-based members have joined our team.

Proof that we're working on application interface

Old Application interface:

The screenshot shows the old Argon application interface. At the top, there's a green header bar with a user icon and the text "My Account". Below the header, there are three green cards displaying account statistics: "Total Balance (BNB)" (3.17591422 BNB), "Total number of jobs created" (2), and "Total ArgonToken Balance" (199999.99999999997). On the left, a sidebar menu includes "Settings" (Profile Editing, Incoming Offers, Ads, Create Ad, My Active Jobs, Job History, Chat With Freelancer (Soon)). The main area is titled "Create a New Job" with fields for "Job Title" (Work Title, Job Average Budget), "Job Category" (Logo), and "Job Description" (Job Description).

Our new application interface:

The screenshot shows the new Argon application interface with a dark theme. At the top, it says "Good afternoon Ahmet Özner customer 2". It features a "Disconnect" button and a "Faucet IT" button. The top navigation bar has three green cards: "Total Balance (BNB)" (1.93740213 BNB), "Total number of jobs created" (2), and "Total ArgonToken Balance" (0). Below the navigation, there's a large orange box containing a message to the member about the platform's decentralized nature and instant messaging. The main content area includes a sidebar with buttons for "Profile Editing", "Incoming Offers", "Ads", "Create Ad", "My Active Jobs", "Job History", and "Chat With Freelancer". There are also four cards under the heading "Statics": "Total Registered User Count" (9), "Total Registered Approver Count" (2), "Remaining Argon Token Reward" (5000000), and "Total Freelancer Count on Argon Platform" (5). Each card has a "Check out on BscScan" button.

Proof of the chatting with only wallet address

The screenshots demonstrate the user interface of the Argon app, which allows users to communicate via wallet addresses. The top screenshot shows a list of chats with users like 0x7D... and 0x1C... The middle screenshot shows a specific chat with multiple messages, including a green 'Test Message' button. The bottom screenshot shows a file sharing dialog where a user is prompted to confirm sending a file to a contact.
